(2) The authority of the applicable individual to execute program documents.

(c) Reports of acreage planted or intended but prevented from being planted must be provided to CCC at the administrative FSA office for the acreage no later than the date specified by CCC for each crop and location. Reports of acreage filed beyond the date specified by CCC for the crop and location may, however, be considered timely filed if all the provisions of 7 CFR 718.103 are met. In the case of a crop-share arrangement, all producers will be bound by the acreage report filed by the landowner or operator unless the producer files a separate acreage report prior to the date specified by CCC for the crop and location. Reports of acreage planted or intended and prevented from being planted must include all of the following information:

(1) Number of acres of the eligible crop in the administrative county (for each planting in the event of multiple planting) in which the producer has a share;

(3) The producer's share of the eligible crop at the time an application for coverage was filed;

(6) The identity of all producers sharing in the crop;

(7) The date the crop was planted or planting was completed, including the age of the perennial crops; and

(8) The acreage intended but prevented from being planted.

(d) Producers receiving a guaranteed payment for planted acreage, as opposed to receiving a payment only upon delivery of the production must provide documentation of any written or verbal contract or arrangement with the buyer to CCC. Net production, as determined by CCC, may be adjusted upward by the amount of production corresponding to the amount of the contract payment received.

§ 1437.8 Unit division.

Except as determined by CCC, a unit shall be all acreage of the eligible crop in the administrative county operated by the same producer(s). In cases where the owners of land are also producers, units shall be further divided based on ownership interest of the land.
